

2018 Conference Sponsorship

sponsors@iot613.ca

IoT613 Conference 2018

An annual event in its third year, the 2018 conference will be held April 18-20 at The Canadian Museum of History in Gatineau, Quebec, just across the Ottawa River from Parliament Hill and downtown Ottawa.

The annual IoT613 conference focuses on the technologies, applications, innovations and social impacts of IoT. Offering a unique opportunity for learning and collaboration between design, engineering, business, and social disciplines, the conference attracts attendees from enterprise, government, and academia.

Since 2015, IoT613 has welcomed all technology enthusiasts and professionals to events and workshops and has big plans for the future.

Why Get Involved?

Exposure

Being an IoT613 conference sponsor provides your company or organization the opportunity to be seen as the innovative leader you are by showcasing your products, services, and brand to the local and international IoT industry.

Community Engagement

Whether you are a new innovative startup or an enterprise corporate entity, collaborating with IoT613 as a sponsor demonstrates your dedication to the industry, engages with our community, attracts talent and ideas, and places your brand and ideas throughout the National Capital Region and beyond.

Networking

Sponsors also benefit by attending the IoT613 conference and networking with industry professionals, attending speaking sessions, and meeting prospective employees or partners.

Collaboration

As an interactive 3-day conference with workshops and hands on technology, we know you will have a great time working with others in your space and some complementary skills and technologies. You might even learn a thing or two.

Awesome Sponsorship Packages

As you will see on the following pages there are sponsorship packages to suit all sizes and objectives. We really want you to be involved, so please drop us a line.

Audience

2015/16 welcomed hundreds of audience members. IoT613 is a well-known brand and acts as the hub in the Ottawa technology and innovation sector.

In 2018 we anticipate over 300 attendees. Our audience includes a wide range of professionals from private enterprise and startups, public sectors and social enterprises, as well as academic institutions.

Many industries are represented, including IT networking, advanced construction and infrastructure, manufacturing, hardware and software development, UX design, big data and servers, mobile and sensor technologies, privacy and legal, to name a few.

Our goal as the hub of Ottawa's IoT Ecosystem is to bring the entire community to collectively place Ottawa on the world stage.

Sponsors Past and Present

We are thrilled to have worked with so many great companies and sponsors. It really takes the entire community to grow our region's technology and innovation sectors. We hope you can join the ranks.
